

# SPECIFICATION SHEET

## BIG MIKE HEPA

	HEPA
Type	Dry Only
Standard Model Number	US-HEP
Type of Power	Single Phase
Voltage Options	240V/120V
Power Consumption 240V	Voltage: 240V Frequency: 60Hz Current: 11A
Power Consumption 120V	Voltage: 120V Frequency: 60Hz Current: 18A
Connector 240V	NEMA 6-15P
Connector 120V	NEMA 5-20P
Cable Length	33 feet with plug
Capacity (Dry)	40 Gallons
Usable Capacity (Dry)	18 Gallons with Extra-Large Primary Filter & heavy-duty inlet spigot
Open CFM	120V: 303.6/240V: 307.5
Suction	120V: 99.1 inches H <sub>2</sub> O 240V: 100.4 inches H <sub>2</sub> O
Sound Pressure Level	77 dBA at 3.2 feet
Dimensions	Length 37" x Width 26" x Height 51"
Packed Dimensions	Max Length 57" x Max Width 29" x Max Height 39"
Total Product Weight - Unpacked	291lbs
HEPA Filter Efficiency	HEPA 13: >99.95% HEPA 14 >99.995% <small>Local retention for particles of size 0.3 micrometres (as per EN 1822:2009)</small>

DRUM	
Material	Steel
Finish	Painted

TROLLEY	
Type	Standard 4-wheeled
Material	Steel
Finish	Powder coated
Wheels	Rubber
Standard Tools (Optional accessories available)	Ø 2.5 inches aluminium scraper
Additional Features:	HEPA cartridge, HEPA Gauge, Short connection hose, Quick release clamp
Warranty*	1 year

\*Subject to terms and conditions
